PEOPLE OF ACTION

Our club offers opportunities for our members — and those interested in making a difference — to get involved. Through service projects, social events, and planning meetings our members learn about the needs of our community and communities all over the world. We partner with local, national, and global experts to exchange ideas about potential solutions and to draw up action plans to respond. Along with these opportunities to serve, members also are able to regularly network, resulting in lifelong friendships and business connections.

Our club partners with the Bill & Melinda Gates Foundation, the World Health Organization, and UNICEF to end polio, once and for all.

Our club is a proud part of this community and of Rotary International. Rotary is a global network of more than 1.2 million members who believe that great things happen when dedicated minds come together. We are community and business leaders representing different professions, experiences, and perspectives but with a shared desire to connect with others to address the challenges affecting our community and communities around the world.

MAKING A DIFFERENCE

If you want to make a real difference, our club is the place to be. We impact the lives of 350-450 families every week! Our Generation to Generation program picks-up lightly-used furniture and housewares from seniors, veterans, Rotarians and supporters of the military.

Donations are stored at the Rotary Warrior Warehouse on Camp Pendleton. Every Friday morning, young families can select from a wide assortment of goods — free of charge. The only rules are: "Take what you need - but not everything that you want." Donors thank us for giving them the opportunity to improve the lives of young Marines and Sailors.

We are also active on the international scene with projects in Afghanistan, India, Iraq, Pakistan, Mexico, and parts of Africa. Our projects include: water and sanitation, health, education, and emergency assistance.

Solving real problems takes real effort, commitment, and vision. Rotarians work to protect communities from preventable disease, keep women and children healthy, improve education and economic outcomes, create safe water and sanitation infrastructure, and make our community and the world a more peaceful place.

GET INVOLVED

Becoming a member enables you to meet community's leaders, expand your horizons, and make an important impact here and around the world. We invite you to visit our club and find out more about us and the opportunities we offer to get involved.

Our members have found that it's a truly rewarding experience.

My experience with our club has been one of the most emotionally satisfying experiences in my life. I have met great people from all walks of life - from generals to privates and everything in-between.

— Rebecca, Club member

I have never felt so important in my entire life. I was hugged three times today by a grateful newly married marine wife. I am definitely coming back next week.

— Elaine, Volunteer
